

*Billing by  
experienced  
energy  
professionals*

## **BILLING SERVICES**

Timely, accurate billing means dependable cash flow. Billing services, including our proprietary, state-of-the-art complex billing system, are part of the integrated solution we offer retail energy suppliers.

We have the experience and ability to handle a variety of billing options and pricing structures.

### **Services we provide include:**

- Issuing paper, electronic or PDF bills
- Bill-ready or rate-ready bills
- Complex pricing structures
- Customized billing products
- Maintaining account-level historical information
- Dual billing options
- Summary billing
- Implementing various price structures such as energy fixed price, block price and hourly price
